DIST: VALSAD, STATE: GUJARAT, COUNTRY: INDIA.

VAR OF SARLA ADVANTECH PVT LTD. FOR GE DIGITAL PROFICY RANGE PRODUCTS

ABOUT US

We are a vertically integrated company where in we manage all aspects of the Industrial Automation. Which comprises all kind of Industrial Automation products Sales, Services, Repairing, Design and Supply of control panels, Upgrade of any machine (Electrical /Automation), Project analysis, Project Design, Supply of Necessary Hardware, Development, Reporting – Operators level to MIS level.

We have already implemented Project Successfully in Steel, Power, Chemical, Oil & Gas, Glass, Foil Packaging., Fertilizers, Gas Cylinder Manufacturer.

OUR TEAM

(1) **Development - IT / Instrument / Electrical**   (2) **Project – Instrument / Electrical**

(3) **Service – Support (On Site / Online / Telephonic)**   (4) **Marketing**

We are dealing in following range of Products & Services

01. SCADA (SOFTWARE) & SERVICES	**Citect SCADA - Wonderware SCADA - GE Proficy iFIX SCADA - GE Cimplicity SCADA - GE Proficy FIX32 SCADA - GE Proficy Webspace - GE Proficy Web Enabler - GE Proficy Historian Server - GE Proficy Alarm Management Viewer**
02. IT & OT SECURITY (BAYSHORE MAKE)	**SCADAfuse - SACADwall - Scrutiny**
03. PLC & I/O MODULE	**ABB - Delta - Siemens - Mitsubishi Electric - Allen-Bradley - Schneider - Ge Fanuc (Emerson) - Omron - & Other Make**
04. AC DRIVES (Range 0.5 KW to 250 KW & Above)	**ABB - Delta - Siemens - Mitsubishi Electric - Allen-Bradley - Danfoss - Yaskawa - Emerson - Schneider - & Other Make**

05. <u>**HMI (Human Machine Interface)**</u>	**ABB - Delta - Siemens - Mitsubishi Electric - Allen-Bradley - Schneider - GE Fanuc (Emerson) - Omron - Proface - RENU - EXOR - WEINTEK - & Other Make**
06. <u>**SERVO DRIVES**</u>	**Delta - Siemens - Mitsubishi Electric - Panasonic - Yasakawa - Omron - Rexroth (Bosch) - & Other Make**
07. <u>**INDUSTRIAL CONTROL PANELS**</u>	**- MCC (Motor Control Center) Panels** **- PCC (Power Control Center) Panels** **- APFC (Automatic Power Factor Correction) Panels** **- Process Controller / Indicator Panels** **- PDB (Power Distribution Board) Panels** **- PLC / HMI Panels** **- LT / HT Panels** **- Power + Control Panels** **- VFD Controlling Panels** **- Servo Systems Panels** **- Temperature Controller Panels** **- SCADA Panels** **- Star-Delta Panels** **- & Other Industrial Panels**
08. <u>**INDUSTRIAL WORKSTATION / SERVER / DESKTOP PC**</u>	**HP - DELL - Advantech - Dynalog**
09. <u>**CONTROLLER**</u>	**Schneider - Selec - Omron - Autonics - Multispan - Masibus - GIC – Elmeasure, Secure - & Other Make**
10. <u>**CONVERTERS (SERIAL / ETHERNET / USB)**</u>	**MOXA - ADAM - ATC - Nimbus - Axitech - Phoenix (Contact) - Planet Ethernet Media Converter - & Other Make**
11. <u>**INDUSTRIAL ETHERNET NETWORK SWITCH**</u>	**- Cisco** **- D-Link** **- TP-Link**
12. <u>**FIREWALL**</u>	**- Cisco - FORTINET**
13. <u>**MISCELLANEOUS**</u>	**- SMPS - Energy Meter (ELMEASURE / SECURE)** **- KVM Extender - Modbus Gateway** **- VFD Synchronization Card** **- Relay Card (1/2/4/8 & 16 Channels)** **- Industrial Media Converter** **- Industrial Serial (2/4/8) COM Port Card**

14. **TECHNOLOGY UPGRADATION**	- PLC / HMI / SCADA / AC Drives / Servo Drives Based System Integration, Programming Development Commissioning & Troubleshooting - System / Software Upgrade - Engineering / Project Management & Implementation Services - Maintenance Support & Consulting for Latest Version
15. **AMC (ANNUAL MAINTENANCE CONTRACT)**	- AMC For AC Drives - AMC For SCADA System / Server - Existing SCADA Upgrade / Maintenance & Troubleshooting - Future Addition of Hardware & Software - Service & Support Per Man Day Basis - AMC For Intellution Fix32 SCADA System / Server
16. **REPAIRING & COMMISSIONING**	- We Repair All Kind of AC Drives, Servo Drives, PLC, HMI.

17. ENGINEERING SERVICES

- Integrate Different Plant Floor on One Platform to Centralize and Optimize Material Handling - Production - Quality Controls Reports on Single Platform.
- Integrate HMI With Customize Data Solution for Material Handling – MIS (Management Information System) Reporting.
- HMI Integration with RTIP - WEB Server - WEB Enabler (HMI ON WEB) - Historian Server.
- Remote Connection of Process Hardware Using Modem - Ethernet - Radio to View A Remote SCADA.
- Alarm Management Services.
- RS232 Wireless Data Link Up To 10 Km Distance - Point to Multi Point Options.
- Centralize Data Collection and Monitoring by Connecting SCADA With DCS - PLC - Controller - Data Logger and Scanner.
- Convert Your Plant View in Web Page by Connecting iFIX SCADA System with Proficy Real Time Portal Software and View Your Plant Any Where in World.
- Collect Plant - Data - Alarm - Event - Reporting - Trending - History in Single Server Using Proficy ihistorian.
- Enhanced Day to Day - Shift Reporting - Online Plant - Process Analysis by Developing Customized Software on Visual Platform with Any Make of SCADA System.
- Online Troubleshooting Support with Our Technical Support Executive.

18. AUTOMATION TRAINING

- **Training for Citect SCADA - Wonderware SCADA - Proficy iFIX SCADA - Cimplicity SCADA - Intellution FIX32 SCADA Software.**
- **Software Getting Started - Overview - Building & Managing SCADA System - Monitoring Environment - SCADA Network - Troubleshooting.**
- **Core Training for Industrial Automation Product - Hardware - Design / Building HMI - PLC Programming Ge Fanuc - Proficy Range of Automation Product - Troubleshooting.**
- **Learning Service & Solutions - On Site & In-House Corporate Training of End User-Si-OEM Companies.**

Few of Our Valued Customers (INDIA & GLOBAL):-

"For Any kind of Requirement / Information related to above Products – Services, Repairing Side or Commissioning side then Contact us"
